QUICK SHIP Metal 1" .....> [Orders received by noon CST ship the same day!]

8 classic shapes. 4 gorgeous styles.  
Plus, a great little end cap that goes with every style!

## Modern

Modern Metal Finials

Located on page 72

## Make It Glamorous!

Add a 1" Crystal Band

Located on page 73

The Modern Metal Finials and the 1" Crystal Band fit the 1" Metal Pole.

*The 1" Crystal Band is a Finial Accessory. Position it next to a Modern Metal Finial or anywhere on the 1" Metal Pole for a sparkling treatment.*

Oh, and did we mention . . . ?

# 1" Metal now has a Hand Drawn Traverse track.

## Transitional

Transitional Metal Finials

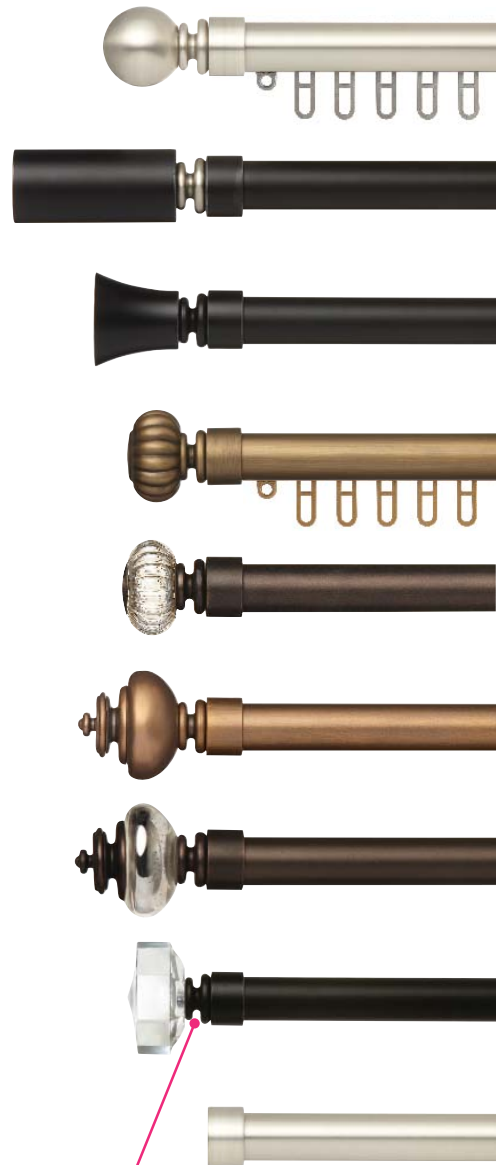

Located on page 74

## Make It Traditional!

Add a Traditional Collar

Located on page 75

The Transitional Metal Finials fit the 1" Metal Pole and the 1" Hand Drawn Traverse System.

(1" Hand Drawn Traverse System, see pages 78-80.)

*The Collar is a Finial Accessory. Add it to the Transitional Metal Finial for a Traditional look.*

**QUICK SHIP Metal 1"** .....> [Orders received by noon CST ship the same day!]

# Modern Metals

Simple designs blend into any contemporary environment.

Lex Finial, Laurence 3" Single Bracket, and 1" Metal Rings shown in Rose Gold.

1" Modern Metal Finials *Not compatible with 1" Hand Drawn Traverse System.*

**\*Remember:**  
Luna End Cap covers 3/8" of the pole. Finished pole length may need to be increased accordingly.

## Need Some Glamour?

Dress up your Modern Finial: Add a 1" Crystal Band

**1" Crystal Band**  
QS100CRMEBAND  
5/8" W  
1 5/8" DIA

- Metal, only available in dark metal with inlaid crystals.
- Only fits 1" diameter pole.
- Not recommended for 1" Hand Drawn Traverse.

### How To Add Your Bling:

- 1 Buy a pair of 1" Modern Finials.
- 2 Buy two 1" Crystal Bands.
- 3 Slide each 1" Crystal Band onto the pole before installing finials.
- 4 Install finials. Slide Crystal Bands against finials and tighten set screws.

TIP:  
1" Crystal  
Band covers  
5/8" of pole!

# Today's Traditional

Refine your Transitional Finial: Add a Traditional Collar!  
*(Maintains compatibility with 1" Hand Drawn Traverse.)*

**TIP:**  
 Traditional Collar  
 also looks great  
 in a contrasting  
 finish like  
 Brushed Nickel!

## Traditional Collar

QSTRADCO

5/8" W

1 1/2" DIA

Brushed Nickel

- Available in any Quick Ship Metal finish.
- Can only be added to Metal Transitional Finials!

## How To Make It Traditional:

- 1 Buy a pair of 1" Transitional Finials.

- 2 Buy a pair of Traditional Collars.

- 3 Unscrew the finial from its Cuff.

- 4 Screw finial into the Traditional Collar. Screw Traditional Collar into the Cuff.

- 5 Attach the finial to the end of the pole by tightening the set screw on the Cuff.

### Finishes

Finishes with antiquing, dusting, or glazing will vary from product to product depending on the level of detail. Areas with deeper recesses will appear darker than smooth areas.

For the best possible finish match, refer to the 2014 Paris Texas Hardware Finish Chips. These chips have smooth, fluted, and carved detailed areas, enabling you to see the beautiful shadings and highlights that make our finishes so special.

Strike-offs: For an additional fee, Paris Texas Hardware can provide a sample of your Portfolio or PTH Perfect Match™ finish on any wood or metal pole as requested. Customer approval of the strike-off sample is required before production will begin.

Touch up paint can be sent to the customer on request, for an additional charge.

### Materials

Some finials, brackets, holdbacks, and rings are made of resin composite materials. Resin may be damaged by cutting, drilling, or attempting to alter the size or shape of products. Some items are made of cast aluminum or stamped steel. Wood poles and wood rings are made of various hardwoods. Metal poles and metal rings are made of steel.

### Poles & Rods

Poles may be spliced together using a dowel splicing screw, which is included with each pole. We recommend a center support bracket for pole lengths in excess of four feet. We cannot guarantee against sagging caused by unsupported spans greater than our recommended four feet.

### Finials & Holdbacks

**All finials and holdbacks are sold as pairs.** Most resin finial bases have a 1/8" recess for a clean pole fit. Resin finials are fitted with a dowel screw that may not be removed without damaging the finial

### Brackets

**Brackets are sold individually.** Depending on the style of the bracket, there are three wall mounting styles; key lock, round mounting plate, or front drill. Some heavier treatments may require stronger fasteners (mollies and screws) than those included with the brackets. Brackets should be installed securely into wall studs.

### Rings

**Rings are sold individually.** Eyelets are not detachable from resin rings. Excessive movement of rings on the top of the pole will naturally abrade the finish. We discourage using heavy treatments with the 1" resin rings. We recommend three to four rings per foot of finished pole length, or six to seven rings per width of fabric.

## GENERAL INFO

### Production Time

Purchase orders are processed once they are received by Paris Texas Hardware. Incomplete information will delay processing and shipping. Quick Ship collections are in stock and ship within 24 hours. Quick Ship orders received before noon CST ship the same day. Portfolio custom collection is hand finished and ships within 10-15 business days.

### Corded and Motorized Traverse Systems

Traverse systems are available for 2" and 2¼" Portfolio and 2¼" Quick Ship Wood and Resin. Production time for traverse system orders is 10-15 business days. Please refer to pages 61-68 for available pole sizes and finishes.

### Pricing and Terms

Pricing found in the Paris Texas Hardware Price List are our Suggested Retail Prices. Prices are subject to change without notice. Prices are quoted exclusive of Freight and Packaging. The Buyer should always inspect the product upon receipt.

IMPORTANT: Please note that your order will be placed with an authorized Paris Texas Hardware Distributor. While most of the following will generally apply, your distributor may have terms and conditions of the sale that will vary from what is stated here.

### Returns, Changes, and Cancellations

All Portfolio and PTH Perfect Match™ products are custom painted and may not be returned. Orders may not be changed or cancelled once production has begun.

Quick Ship items may be returned if poles are uncut and all products are received in sellable condition. A restocking fee of 40% will apply and the customer will prepay freight. All returns must be authorized by the Paris Texas Hardware customer service department, and are authorized at our discretion, given the circumstances and nature of each order. A Return Authorization Number (RA#) must be issued by customer service, and the RA# must be noted on all return packages. Return Credit is issued on returned goods that are inspected and deemed undamaged. Customers should exercise care to adequately package return goods. Return Credit will not be issued for unauthorized returns or damaged returns.

### Shipping

All hardware orders are shipped FOB Dallas, Texas. Poles over 100" MUST be shipped by common carrier. Please see the Paris Texas Hardware Retail Price List for applicable Freight and Packaging fees.

### Damaged Goods and Freight Claims

Immediately upon receipt, your order should be inspected to ensure that there is no concealed damage from shipping. To report a claim, contact your Paris Texas Hardware distributor. Damage and freight claims must be made within 15 days of receipt of goods. Claims reported after 15 days will not be accepted. To expedite the claim process, please provide your distributor with the following information: purchase order number, Paris Texas Hardware order number, shipping phone number and address, and a complete list of damaged items. Freight companies require all packaging materials and damaged items to be kept for inspection. Merchandise damaged in shipping will be replaced. Our policy is that we replace damaged product per the original order.

Please note on the Bill of Lading If there is any possibility of concealed damage.

### Installation

We recommend using a professional installer. Installation hardware is included. The fasteners (screws and mollys) may not be appropriate for every installation or wall material. Brackets and holdbacks should be installed securely into wall studs when possible. Paris Texas Hardware will not assume responsibility for damages incurred by improperly mounted or inadequately supported hardware.

— *Special thanks to Duralee and RM Coco for providing many of the gorgeous fabrics featured in our catalog.*
